Harold Weisberg,

October First
1976

Your most recent excellent treatment of the Kennedy killing....prompts this introductory letter, with attached Documents as appetizer.

Both You and Mark Lane missed (perhaps necessarily) the simplicity which could have penetrated the brain of the Ordinary Citizen. While your treatment is magnificent, such is not the Citizen....but only an Elite interested only in the "Status Quo".

****

By me....your attention is drawn to a different approach, towords the perfidies of our Day & Time. It is without obligation and Yours to keep.....

Perhaps inciting a continued interest in:

First THE BRIEF....
Then, The Series.

Later ? Who knows....

In reverse, the attached Documents are Items 12, 10, 9, 8 of The Series (which constitutes a quick glimpse in short-form at "Our Crooked Courts")

Maneuvering the Mind backwards towords ALL that the Legal-Profession (with BURGER as its God-Father) would conceal

Your request for the SERIES, and the BRIEF is invited. No obligation, and Yours to ponder....

Henry R. Anderson
